Student Engagement Projects Planning Sheet

Project Idea	Whole Class or Small Group	Other People Involved	Materials/Supplies Needed

Project Ideas:

- ✓ Make the school aware of environmental facts by posting questions throughout the school, such as: How many gallons of water does each person use in a year?. On a certain day, (maybe Earth Day) post the answers!
- ✓ Donate your recess time to read to kindergartners or first graders or have them read to you.
- ✓ Volunteer to organize and run games at recess for younger students.
- ✓ Organize a book sale. Have students donate books and sell them to other students. Use the money to help a cause, like the SPCA.
- ✓ Participate in the Alex's Lemonade Stand program. Information is at www.alexlemonade.org.
