Origins of U.S. Flag and U.S. Army Commemorations

Flag Day commemorates the adoption of the flag of the United States, which happened on June 14, 1777 by resolution of the Second Continental Congress. In 1916, President Woodrow Wilson issued a proclamation calling for an official national Flag Day observance. Then in 1949, President Harry S. Truman signed an Act of Congress designating the 14th day of June every year as National Flag Day. The United States Army also celebrates its birthday on this date; Congress authorized "the American Continental Army" on June 14, 1775.
