“The staff is always looking to make each visit a FUN AND MEANINGFUL EXPERIENCE.”
MESSAGE FROM JEFFREY ROSEN, PRESIDENT AND CEO

WELCOME BACK
DEAR FELLOW EDUCATOR,

Greetings from the National Constitution Center! I’m a law professor and have had the privilege of serving as head of the National Constitution Center in Philadelphia for the past five years. I’m writing to tell you about some exciting new developments at the Constitution Center and to encourage you to bring your students to this national treasure, the only nonpartisan constitutional education center in the United States.

The highlight of our new educational efforts is the Interactive Constitution, which has become America’s leading nonpartisan online platform for constitutional education, receiving 19.5 million visitors since it launched in September 2015. It is a centerpiece of the College Board’s new AP U.S. History and Government courses and is available as a free app for both iPhone and Android users.

The Interactive Constitution brings together the leading legal scholars in America, representing a range of constitutional perspectives, to discuss every clause of the U.S. Constitution—describing areas of agreement and disagreement. To meet the educational goals of your AP U.S. History and U.S. Government students, we offer workshops that allow students to explore the Interactive Constitution, discuss a topic of contemporary relevance (from drone surveillance to the Second Amendment), and preview lesson plans approved by the College Board.

Located in Historic Philadelphia, across from Independence Hall, the National Constitution Center is a private nonprofit education center created by Congress to serve as America’s leading platform for nonpartisan constitutional education and debate.

OUR SPECIAL PROGRAMS INCLUDE:
Interactive Constitution Workshops. Students and teachers will discover how to use the Interactive Constitution to build civic literacy and to help ace the AP exams. Available for middle- and high school-level students. Learn more on page 10. Visit constitutioncenter.org/constitution.

Freedom Rising in the Renovated Sidney Kimmel Theater. Following a multimillion dollar renovation, this live 17-minute performance sets the stage for the student experience at the National Constitution Center. Discover why Justice Sandra Day O’Connor has called it “the best 17-minute civics lesson in the country.”

Exclusive Partnerships. Our ticketing partnerships with Independence Hall, the Museum of the American Revolution, and One Liberty Observation Deck provide one-stop booking, customized itineraries, and significant savings.

Immersive Feature Exhibits. Experience exhibits that bring the Constitution to life for visitors of all ages. Check out one of the 12 surviving drafts of the Bill of Rights in Constituting Liberty: From the Declaration to the Bill of Rights. Explore five of the rarest early drafts of the U.S. Constitution in American Treasures:

After Hours @ the National Constitution Center. Experience the National Constitution Center without the crowds—complete with customized packages and educational programming.

To learn more about the customized itineraries available for your students and teachers, please contact our Director of Group Sales, Gina Romanelli, at gina@constitutioncenter.org or 215.409.6800.

It would be wonderful to welcome your school to the National Constitution Center, and I look forward to seeing you soon!

Jeffrey Rosen,

Five attractions form the National Constitution Center’s main exhibit experience: the 17-minute live Freedom Rising performance, The Story of We the People, the iconic Signers’ Hall, Constituting Liberty, and American Treasures.

**Freedom Rising**

IN THE SIDNEY KIMMEL THEATER

Set the stage for your museum experience in this state-of-the-art, live performance that tells the story of the U.S. Constitution and the American quest for freedom.

Freedom Rising is underwritten in part through a generous grant from the F. M. Kirby Foundation.

**The Story of We the People**

RICHARD AND HELEN DEVOS EXHIBIT HALL

Travel through history and discover why the U.S. Constitution is as important today as it was in 1787. The Story of We the People is filled with hands-on, multimedia activities, and a rotating collection of rare artifacts. Students will take the Oath of Office, weigh in on Supreme Court cases, and discover for themselves the enduring relevance of the U.S. Constitution.

**American National Tree**

Students will discover 100 Americans—famous faces and unsung heroes—who have shaped America’s constitutional history.

**Election Central Voting Booths**

Compare your stance on key political issues with those of presidents throughout American history. Then, take a look at the tabulated votes from thousands of visitors. You might be surprised by the results.

**Jury Box**

Students can get sworn in for jury duty in a genuine, early-20th-century jury box.

**Civil War Experience**

The museum’s Civil War Experience, located inside The Story of We the People, features wartime artifacts, including an oil lamp from General Meade’s Gettysburg headquarters; a copy of the Emancipation Proclamation signed by President Lincoln; and a leaf from an autograph book containing the only known signature of Lincoln from the dedication of the Gettysburg Cemetery, where his famous address was given.

Funding for this project was contributed in part by The McLean Contributionship.

**Constituting Liberty: From the Declaration to the Bill of Rights**

GEORGE H.W. BUSH GALLERY

The National Constitution Center is proud to display a first edition Stone Engraving of the Declaration of Independence, a rare copy of the first public printing of the U.S. Constitution, and a reproduction of one of the 12 surviving copies of the Bill of Rights in the George H.W. Bush Gallery. In this exhibit, students will explore the relationships between these three founding documents: learn about major events from 1776 to 1791; and understand how, through the 14th Amendment, the Declaration’s promise of liberty and equality became integrated into the U.S. Constitution.

**Signers’ Hall**

In Signers’ Hall, one of the National Constitution Center’s most iconic exhibits, students will step into the final day of the Constitutional Convention and sign the U.S. Constitution alongside 42 life-size, bronze statues of George Washington, James Madison, Alexander Hamilton, Benjamin Franklin, and other Founding Fathers.

**American Treasures: Documenting the Nation’s Founding**

American Treasures: Documenting the Nation’s Founding illuminates the founding era through the rarest early drafts of the U.S. Constitution, including Pennsylvania delegate James Wilson’s own handwritten drafts. The exhibit provides an intimate look at the path the Framers took to create our founding document. Among the gallery’s many priceless treasures is the very first handwritten draft of the U.S. Constitution and a display of rare newspaper printings of the text of the Bill of Rights. The drafts showcase how James Wilson’s original proposals became the U.S. Constitution.

American Treasures: Documenting the Nation’s Founding was created in partnership with the Historical Society of Pennsylvania.
From newspaper wars to dueling grounds, captivate your students with a compelling exhibit at the National Constitution Center on the rise and fall of Alexander Hamilton. Hamilton: The Constitutional Clashes That Shaped a Nation explores the personalities and debates that shaped America, focusing on Hamilton’s battles of ideas with James Madison, Thomas Jefferson, John Adams, and Aaron Burr. The exhibit engages visitors with rare artifacts, including correspondence from fellow Federalist Papers essayist James Madison and handwritten arrangements for Hamilton’s infamous duel with Vice President Aaron Burr. The exhibit provides students with an intimate look into Alexander Hamilton’s enduring role in the constitutional and political arguments that continue to create sparks to this day.

The Interactive Constitution is a FREE online tool that delivers scholarship from top constitutional experts right to your classroom. It allows students to explore the history behind each article, section, and amendment of the U.S. Constitution up to the present day. The Interactive Constitution has received more than 18 million hits since it launched in 2015 and has been adopted by the College Board as a centerpiece of the new AP U.S. History exam. The nonpartisan foundation and ideologically balanced opinions help teachers and students to have informed, respectful, up-to-date discussion and debate about the U.S. Constitution. This tool gives teachers and students nonpartisan and balanced scholarly perspectives on the U.S. Constitution.
