**GROVER WASHINGTON MIDDLE SCHOOL**
DEAR FELLOW EDUCATOR,

Greetings from the National Constitution Center and best wishes for a rewarding school year! I’m a law professor and have had the privilege of serving as head of the National Constitution Center in Philadelphia for the past four years. I’m writing to tell you about some exciting new developments at the Constitution Center and to encourage you to bring your students to this national treasure, the only nonpartisan constitutional education center in the United States.

The highlight of our new educational efforts is the Interactive Constitution, which has become America’s leading nonpartisan online platform for constitutional education, receiving 11 million visitors since it launched in September 2015. It is a centerpiece of the College Board’s new AP U.S. History and Government courses and is now available as a free app for both iPhone and Android users.

The Interactive Constitution brings together the leading legal scholars in America, representing a range of constitutional perspectives, to discuss every clause of the U.S. Constitution — describing areas of agreement and disagreement. To meet the educational goals of your AP U.S. History and U.S. Government students, we offer workshops that allow students to explore the Interactive Constitution, discuss a topic of contemporary relevance (from drone surveillance to the Second Amendment), and preview lesson plans approved by the College Board. We launched this workshop last year with students from schools across America at every grade level, and the reactions were enthusiastic.

Located in Historic Philadelphia, across from Independence Hall, the National Constitution Center is a private nonprofit education center created by Congress to serve as America’s leading platform for nonpartisan constitutional education and debate.

OUR SPECIAL PROGRAMS INCLUDE:

Interactive Constitution Workshops. Students and teachers will discover how to use the Interactive Constitution to build civic literacy and to help ace the AP exams. Available for middle- and high school-level students. Learn more on page 8. Visit constitutioncenter.org/interactive-constitution.

Freedom Rising in the Renovated Sidney Kimmel Theater. Following a multimillion dollar renovation last year, this live 17-minute performance sets the stage for the student experience at the National Constitution Center. Discover why Justice Sandra Day O’Connor has called it “the best 17-minute civics lesson in the country.”

Exclusive Partnerships. Our ticketing partnerships with Independence Hall, the newly opened Museum of the American Revolution, and One Liberty Observation Deck provide one-stop booking, customized itineraries, and significant savings.

 Immersive Feature Exhibits. Experience exhibits that bring the Constitution to life for visitors of all ages. Check out one of the 12 surviving drafts of the Bill of Rights in Constituting Liberty: From the Declaration to the Bill of Rights. Explore five of the rarest early drafts of the U.S. Constitution in American Treasures: Documenting the Nation’s Founding. And learn about one of America’s greatest Chief Justices in John Marshall: Patriot, Statesman, Chief Justice.

After Hours @ the National Constitution Center. Experience the National Constitution Center without the crowds — complete with customized packages and educational programming.

To learn more about the customized itineraries available for your students and teachers, please contact our Director of Group Sales, Gina Romanelli, at gina@constitutioncenter.org or 215.409.6800. It would be wonderful to welcome your school to the National Constitution Center, and I look forward to seeing you soon!

With appreciation,

Jeffrey Rosen
President & CEO

THE STORY OF WE THE PEOPLE
**RICHARD AND HELEN DEVOS EXHIBIT HALL**
Travel through history and discover why the U.S. Constitution is as important today as it was in 1787. The Story of We the People is filled with hands-on, multimedia activities, and a rotating collection of rare artifacts. Students will take the Oath of Office, weigh in on Supreme Court cases, and discover for themselves the enduring relevance of the U.S. Constitution.

**American National Tree**
Students will discover 100 Americans — members of Congress and extraordinary citizens — who have shaped America’s constitutional history.

Civil War Experience
The museum’s Civil War Experience, located inside The Story of We the People, features wartime artifacts, including an oil lamp from General Meade’s Gettysburg headquarters; a copy of the Emancipation Proclamation signed by President Lincoln; and a leaf from an autograph book containing the only known signature of Lincoln from the dedication of the Gettysburg Cemetery, where his famous address was given.

Funding for this project was contributed in part by The McLean Contributionship.

Balance of Powers
Fun scale models of iconic federal buildings encourage students to explore how the three branches of government keep one another in check.

Supreme Court Bench
Students will learn how constitutional rights have been interpreted by the highest court in the land as they take a seat on the Supreme Court bench in the main exhibit and issue rulings in landmark cases.
In Signers’ Hall, one of the National Constitution Center’s most iconic exhibits, students will step into the final day of the Constitutional Convention and sign the U.S. Constitution alongside 42 life-size, bronze statues of George Washington, James Madison, Alexander Hamilton, Benjamin Franklin, and other Founding Fathers.

CONSTITUTING LIBERTY: FROM THE DECLARATION TO THE BILL OF RIGHTS

GEORGE H.W. BUSH GALLERY

The National Constitution Center is proud to display one of 12 surviving original copies of the Bill of Rights. The Bill of Rights is displayed alongside a first edition Stone Engraving of the Declaration of Independence and a rare copy of the first public printing of the U.S. Constitution. In this exhibit, students will explore the relationships between these three founding documents; learn about major events from 1776 to 1791; and understand how, through the 14th Amendment, the Declaration’s promise of liberty and equality became integrated into the U.S. Constitution.
American Treasures: Documenting the Nation’s Founding illuminates the founding era through the rarest early drafts of the U.S. Constitution, including Pennsylvania delegate James Wilson’s own handwritten drafts. The exhibit provides an intimate look at the path the Framers took to create our founding document. Among the gallery’s many priceless treasures is the very first handwritten draft of the U.S. Constitution and a display of rare newspaper printings of the text of the Bill of Rights. The drafts showcase how James Wilson’s original proposals became the U.S. Constitution.

American Treasures: Documenting the Nation’s Founding was created in partnership with the Historical Society of Pennsylvania.
