

NATIONAL CONSTITUTION CENTER

GOVERNING THE NATION

Governing the Nation is an immersive experience exploring how the Constitution creates a system of checks and balances across the three branches and defines the relationship between the federal government and the states.

Your group will encounter these principles in action through hands-on experiences and artifacts from defining moments in American history. Together, they illustrate how the Constitution has been interpreted, contested, and applied across American history.

INTERACTIVE EXPERIENCES

- Step into the halls of Congress and discover how the legislative branch has grown in size and see how power has changed hands since 1789 with the *Meet Congress* digital interactive.
- Sit behind a replica of the Resolute Desk and experience a day as president of the United States with the *Be the President* digital interactive.
- Try on a judge's robe and assume the role of a Supreme Court justice at the *Be a Justice* digital interactive. Explore landmark cases, weigh the arguments, and cast your vote before discovering how the Court ultimately ruled.

PRICING (Groups of 15 or more)

Student/Youth: \$14 | Adult: \$16

Pricing includes *Freedom Rising* and all of our exhibits: *Governing the Nation*, *America's Founding*, *The First Amendment*, *Civil War and Reconstruction*, and *The 19th Amendment*, as well as *Signers' Hall*.
