Cut out templates, then trace the outlines on black paper. The, cut the same shapes out of the Cut out the hat brim! Cut along the dotted line. black paper, and assemble your Lincoln hat! Cut along dotted lines to create triangular flaps. Fold flaps up, and use the them to attach brim to the cylinder portion of the hat. Be carful not to cut solid lines! **Lincoln Hat** Topper Cut along dotted lines to create triangular flaps. Fold flaps up, and use the them to attach brim to the cylinder portion of the hat. Be carful not to cut solid lines!

Happy Presidents Weekend!

Lincoln Hat Template

Step One:

Cut out the Lincoln Hat templates. You should have three pieces, a brim, a cylinder, and a topper.

Step Two:

Using a pencil, trace the outline of your templates onto a black sheet of paper.

Step Three:

Cut your brim, cylinder and topper out of black paper.

Step Four:

Take your "cylinder" piece, and roll it into a tube. Attach with tape.

Step Five:

Fold up the tabs of your "brim" piece. Use tape to attach the tabs to the inside of your cylinder, at the bottom.

Step Six:

Fold down the taps of your "Topper" piece. Use tape to attach the tabs to the inside of your cylinder, at the top.
